

INCREASE FOOTCANDLES, INCREASE SAFETY

SAFETY IS YOUR PRIORITY, LIGHTING SOLUTIONS ARE OURS

WHO WE ARE & WHAT WE DO

Global Tech LED is a leading manufacturer of universal LED lighting solutions for HID replacement. Their premium Solstice® LED modules are made with custom light distribution, seven color temperature packages, a 10 year, 100,000 hour limited warranty, and are made in the USA. With these features no other LED lighting solutions compare to Global Tech LED.

BEFORE LEDS

Before:

- 400W High pressure sodium lights.

Problem:

- Low kelvin created a dangerously low footcandle environment for workers.
- Safety concerns were top priority.

AFTER LEDS

After:

- Solstice LED modules operating at 372W.
- No maintenance = increased savings
- Provided a safer working environment.
- Prevented future liabilities.
- Potentially decreased quality issues with an increase in lumens.
- Qualified for rebates by switching to LEDs.
